Folks on Spokes May 2023 Message:

Hello Folks,

We have a very busy schedule for May so I hope we can enjoy our rides along with some nice weather! We have 20 days of scheduled and unscheduled rides planned over the next 31 days of May, and I'm sure we'll have some great impromptu rides also pop up. It will be a great month to get in shape and add up some miles.

Gary's Towpath tour continues on Thursday's in May. Please see the start locations and details on our schedule. Randy has issued his annual Memorial Day Weekend Challenge. Rides are planned for Saturday, Sunday, Monday (Memorial Day), Tuesday, and even Wednesday (club member invitation). If your butt doesn't hold up for all of them please ride when you can! Last year Randy, Pam and Roger, rode every mile!

Lots of exciting things are coming up for us this riding season. Our Chillicothe/Tecumseh trip is scheduled for July 26-27<sup>th</sup>. This is a member and (1) guest ride only and looks like a lot of fun for riders and non-riders! Dave has invited club members to tour the Niagara Falls area with him, August 21-24th. If you are a new member and are interested in either trip, let me know, and we'll get that to you. Hope you will join in the fun!

We have one FOS cycle jersey, size Ladies Small available for purchase at a discounted rate. More can be ordered. Also, we have

several dri-fits available. Just let any club officer know you would like one. Between our dri-fit shirts and the new jerseys, we are going to be one sharp looking bunch of cyclists! Check them out on our merchandise page.

Warm regards,  
Debbie
